Successfully completed First International Scientific Professional Conference “Modern Road Maintenance”

On Saturday, November 9, 2013, the First International Scientific Professional Conference “Modern Road Maintenance” was completed with final presentations on the topic “Roads and the Environment”.

Supported by the Ministry of Transport of the Republic of Serbia, the Conference was organized by the Association of Road Industry Employers “Putar” and the PE “Roads of Serbia” from November 7 to 9, 2013 in Arandelovac.

Significant contribution to the success of the Conference was given by the Minister of Transport in the Government of the Republic of Serbia, Mr. Aleksandar Antić and almost 300 participants and guests from Serbia, Montenegro, Slovenia, Croatia, Republic of Srpska, Bosnia and Herzegovina, Macedonia, Hungary, the Netherlands.

Numerous discussions in the field of road maintenance in the Republic of Serbia and the region confirmed the significance of the Conference with the purpose of obtaining actual solutions and measures the implementation of which would assist sustainable financing of roads so that in future we could deal with modernization of roads, upgrade of road network condition to a higher level and finally keep up with the developed countries.

Video contents from the Conference “Modern Road Maintenance” including the speeches of the Minister Aleksandar Antić, acting Directing General of the PE “Roads of Serbia” Zoran Drobnyak and president of the Association “Putar” Milan Bojović can be downloaded from the following Web pages www.sop.rs, www.putar.rs, www.putevi-srbije.rs.

Conclusions from the round table resulted in the adoption of the Declaration which will be available to the public in the middle of the following week.

Sincerely,

Organizational Board
